High Leverage Diagonal Cutter

- All-round performance: Optimum combination of cutting power, durability and ergonomics
- Cuts easier than conventional diagonal cutters of the same size due to the high leverage joint
- Optimised: approx. 20% less effort required compared to the previous model

- For very tough, continuous use
- The extreme proximity of the jaws to the pivot point makes it easy to cut hard materials.
- Redesigned handle shape for better grip
- With comfort handles made of three ergonomic components for optimised handling and with two KNIPEXtend interfaces for extensions
